Somnoware Diagnostics 1.2410.0

Product description

Somnoware Diagnostics is a cloud-based software that streamlines diagnostic testing workflows in the sleep and respiratory care industry. It orchestrates data flow between medical devices and unifies datasets within a single platform.

What's new

- In **Reports**, users with the **View CX Invoice** permission can access the new **Study Invoice** page to view, filter and download invoices based on study types and date ranges.
- Somnoware now supports:
 - ApneaTrak™ portable HSAT by Cadwell
 - Latest version of Noxturnal™ 7.1
 - WatchPAT® Interface 5.3.82.5
- Physician Manager saves each physician's custom display settings on the **My Studies** and **All Studies** views.
- In the **Patient Profile**, from the **Appointments & Orders** tab, users can view progress notes for patients.
- From **My Profile**, physician's can assign, view and manage delegates who can act on their behalf.
- Bug fixes and enhancements.
