Somnoware Diagnostics 1.2411.0

Product description

Somnoware Diagnostics is a cloud-based software that streamlines diagnostic testing workflows in the sleep and respiratory care industry. It orchestrates data flow between medical devices and unifies datasets within a single platform.

What's new

- Somnoware now supports the SleepImage® Home Sleep Test (HST).
- Physician Study Manager now captures 3% and 4% data points from WatchPAT® HST devices.
- In Physician Study Manager, from the **Interpretation** tab, users can collapse the sidebar.
- In Physician Study Manager, when users design a custom report, they can now mark editable sections.
- For organizations that prevent physicians from editing interpretation templates, Somnoware now enables the **Edit Interp preferences** permission by default for users with the role of Center Admin, Lab Manager, Lab Facilitator, Physician Staff or Report Generator.
- Bug fixes and enhancements.

System requirements
